 - a. if the group sport is indoors, only two persons participate.
 - b. if the group sport is outdoors, only ten persons participate.
 - c. the participants maintain a distance of three meters from one another while engaged in the group sport, unless the participants reside in the same private residence.
 - d. there are no spectators, unless the presence of a spectator is necessary in order to provide care to a participant.
2. No person may permit a place be used for, or may provide, or may participate in group sport, unless the conditions in section 1 are met.
3. No person may be present as a spectator at group sport, unless the presence of the person is necessary in order to provide care to a participant.

G. TRAVEL FOR SPORT

1. No person may travel for children and youth sport or group sport, including for training, practice, games or tournaments.
2. Section 1 does not apply to travel by a person to the person's home club sports facility at which the person regularly trains or practices.

2. FPOTC reserves the right to take binding decisions on entries and safety protocols.

Thank you for your understanding and assistance in helping the FPOTC run safe and compliant PHO rally and obedience trials We look forward to offering less restrictive trials when it is safe to do so and look forward to seeing our more distant rally and obedience friends when that is possible.
